

International Journal of Informative & Futuristic Research

International Journal of Informative & Futuristic Research (IJIFR) is an Open Access, Peer Reviewed, Refereed, Globally Indexed, Technological and Pioneering Multidisciplinary Research Journal since 2013.

CALL FOR PAPER: VOLUME 13, ISSUE 4, DECEMBER 2025

IJIFR presents the premier medium for researchers to present and discuss the most recent innovations, trends, outcomes, experiences, and challenges in the field of their related research. We invite high quality submissions of research papers describing original and unpublished results, pertaining to all aspects of studies and particularly topics relevant to today's emerging practices and realities. Understandably, all submissions must position themselves within the existing literature, describe the relevance of the results to certain study goals, and include a clear motivation and presentation of the work. The journal follows a Double Blind Peer Reviewed System & provides free access to research information to the international community without financial, legal or technical barriers.. Authors are informed to follow ethical publishing policies and submit articles which are free from plagiarism.
